

Rimfire Rifles

CZ 457

The CZ 457 family is distinguished by its highly sophisticated modular design:

- **More accurate**
- **More safety** by lateral safety with firing pin indicator
- **Extremely durable anti-corrosion finish** on metal parts
- **Quicker reloading** because of a 60° bolt lift instead of 90°
- **Lighter striker** for increased speed and reduced vibration during firing

NEW also as Left hand version

21254.500 Cal. .22lr € 989,-

NOT JUST A GUN! CO₂

REAL EXPERIENCE.

COLT

MADE IN GERMANY

COLT Government 1911 A1

CO₂ powered pistol, 8 - shot loading clip, rifled barrel, adjustable sight. Double-action. Nylon grips.

Barrel: 5"; **Overall length** 220 mm, **Weight** 1,080 g. V₀ = 120 m/s; **Cal.** 4.5 mm (.177) BB

blue 23370.000 € 269,90

COLT Special Combat Classic

Heavy all-metal version of the Colt classic. The slide, in a stainless steel look, rests on a frame with a Weaver rail. The removable magazine holds both the BBs and the 12 g CO₂ cylinder. Double-action, safety catch.

COLT M45 CQB

Licensed replica of the latest M1911 Close Quarter Battle Pistol for the US Marines. Heavy all-metal construction with realistic blowback effect. Commander Hammer, Memory Beaver Tail and ambidextrous safety. Frame with Picatinny rail according to Mil-Spec 1913. Single Action.

COLT Defender

Compact, handy, especially easy to use: When the magazine catch is pressed the single-part grip plate pops out, revealing the 12 g CO₂ capsule and built-in stick magazine.

Double-Action Only.

Finish: full metal.

COLT Single Action Army .45

World-famous Colt Peacemaker®. Full metal, authentic loading with metal cartridges.

COLT Python

Authentic replica of the famous .357 Magnum revolver: 10-shot BB magazine and pellet magazine included. Rear sight adjustable for wind-age and elevation. Synthetic grips, blued. Double Action and Single Action.

RUGER

RUGER 10/22

The .22lr Ruger 10/22 has been a top seller: well-balanced, robust and precision-built. The .177-caliber CO₂ version (2x12g) not only has the looks of the famous original, it resembles it with features like the 10-round rotary magazine and excellent handling characteristics.

Licensed Trademark of New Colt Holding Corp.

WALTHER CO₂

WALTHER CP99

Fast-action system for quick loading, plus technical features found in the original pistol like a decocking lever, ambidextrous magazine release and interchangeable backstrap.

WALTHER NightHawk

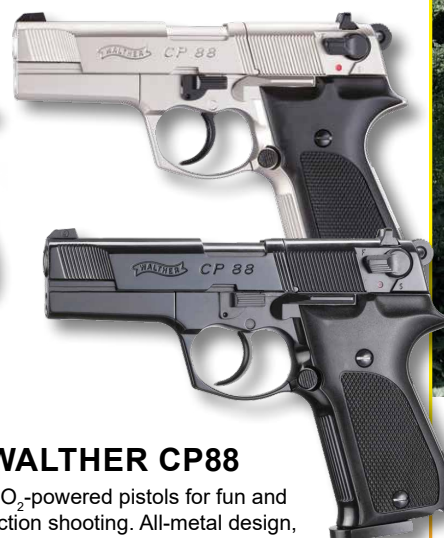

with NightHawk mount and compensator.

KK500

KK500 Blacktec with black BLACKTEC stock

A genuine match rifle at the price of an entry-level gun. Due to the many individual adjustment possibilities and the option to use the system and the stock as right- and left-handed shooter, there are no unfulfilled wishes. With its light weight, the KK500 BLACKTEC is equally suitable for all age groups.

KK500 Anatomic with ANATOMIC laminated stock

Thanks to its special technical features, unequalled shooting precision, new trigger and new ergonomic stock, the rifle is designed primarily for shooters competing at the national and international level. The use of high-grade materials and precise workmanship down to the smallest detail ensure you will have a competition rifle of the highest quality for many years to come.

Choice of mechanical or electronic trigger. Incl. Centra sight riser, INSIGHT-OUT rear sight, Centra front sight tunnel and gun case.

KK500 Expert with EXPERT aluminium stock

Developed in collaboration with Henri Junghänel. Individual adjustments to the KK500 aluminium stock. The continuously adjustable fore-end, the three different grip sizes each with two different grip geometries, the slimline ALL-IN-ONE cheek piece with interchangeable rounded or edged contact surface, the butt stock offsettable using a parallelogram joint, and the newly designed and sturdy EXPERT hook butt plate – all of these ensure a perfect firing position for consistent accuracy.

Choice of mechanical or electronic trigger. Incl. Centra sight riser, INSIGHT-OUT rear sight, Centra front sight tunnel and gun case.

KK500 Ultra Light with S grip laminated wood „Red Devil“

The KK500 „Ultra Light“ is certainly a real eye-catcher. For shooters who prefer a short and light rifle. Incl. SPY Centra diopter. WING chest rest in accordance with new rules.

LG400

LG400 Monotec

The new Monotec stock combines the versatile adjustment possibilities of the KK500 stock with a unique suspension. The action is not mounted in the usual fashion on the receiver but instead right on the barrel. The advantage is that vibrations from firing are prevented from being transmitted to the barrel, where they can adversely affect shooting performance.

.22LR

1911 A1 .22 l.r.

The pistols of the 1911 .22lr platform licensed and tested by COLT are authentic COLT Government models.

An outstanding feature is the slide – it is CNC machined from high-quality aluminium, thus less loaded ammunition can be utilized without issue.

Features of all Colt 1911:

CNC machined high-grade aluminium slide. 1911-style field stripping. · Rubber grip. SA trigger. Authentic half-cock mechanism. Accepts aftermarket accessories. Serrations at the rear end of the slide. Original style safety lever. Straight MS housing. Extended magazine release.

Additional features of the A1:

Low mount combat-style sights with 3-dot system (rail only). Grip safety.

P22Q .22 l.r.

The “small” defensive pistol.

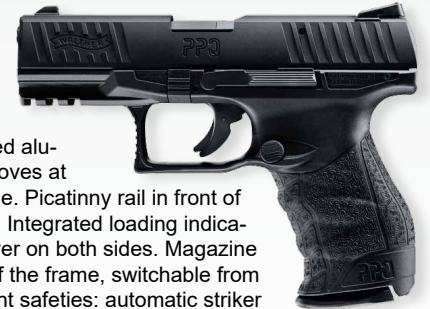

Interchangeable backstraps ensure an optimum hand position. Modern polymer frame - compact design and low weight. Single and double action. All functional elements are ambidextrous. Loading status indicator, magazine safety, hammer safety and drop safety for maximum accident protection. Adjustable rear sight and interchangeable 3-dot front sights. Barrel can be easily switched between standard and target version.

PPQ M2 .22 l.r.

Ideal for low-cost training.

Polymer frame with anodized aluminium slide. Easy-grip grooves at the front and rear of the slide. Picatinny rail in front of the trigger (MIL-STD 1913). Integrated loading indicator. Elongated slide stop lever on both sides. Magazine release button at the side of the frame, switchable from left to right. Two independent safeties: automatic striker safety and mechanical drop safety, integrated in the trigger blade

1911 RAIL GUN .22 l.r.

Additional features: Skeleton trigger. Extended Beavertail grip safety. Open work hammer. Low mount combat-style sights with 3-dot system (rail only). MIL standard rail.

1911 GOLD CUP .22 l.r.

Additional features: Skeleton trigger. Extended Beavertail grip safety. Target rear and front sight. Open work hammer.

PPQ M2 Tactical 4,6" .22 l.r.

Special version with 4.6" silencer barrel and ½" x 28 TPI thread.

DEFENSE

PPK

A true legend

The PPK features a single-action/ double-action trigger that decocks when rotating the safety down into the safe position, first introduced by Walther. To this day, the PPK is still one of the most sought after concealed carry pistols on the market.

PPK/S

Powerful service pistol

An evolution of the classic PPK, the PPK/S maintains the timeless features, essence and the elegance of the original with an additional extended grip allowing for added capacity and improved ergonomics.

DEFENSE

PDP Full Size

PDP

Performance Duty Pistol:

The advantages of the powerful service pistol PDP at a glance:

- **Performance Duty Trigger**
The PDT trigger breaks at the pressure point at 25 N. Short reset: allows consistent top performance.
- **Ergonomics and intuitive targeting**
Top pointability - excellent aiming performance. SuperTerrain Serrations, raised grip grooves. Performance Duty Texture: outstanding grip in all conditions.
- **Optics Ready**
All models are optics ready.
- **100% Modularity**
Picatinny rail, interchangeable magazine holder, two grip lengths, three barrel lengths.
- **Reliability**
Stepped cartridge chamber for significantly better lidded action: less fouling, longer cleaning intervals. Gets performance out of the ammunition.

Includes 2x magazines, 3x backstraps and a high-quality pistol case with PDP design.

PPQ Q4 Steel Frame

High-class performance.

The Duty Optimized Beavertail provides the shooter increased grip height on the pistol. Optimised for duty retention holsters, providing clearance for retention hoods most used in Law Enforcement. This beavertail design also enhances comfortability during concealed carry. The Q4 Steel Frame is precision machined to create a superb balance in hand. The weight distribution of the steel frame drastically reduces recoil to improve shooter performance, ultimately contributing to overall efficiency. The Q4 Steel Frame features Performance Duty Texture, developed by Walther to provide a premium, yet functional grip.

Two variants are available. The duty version with PS sights and an Optic Ready model with all black serrated target sights. The scope of delivery includes a magazine loader, two 15-round magazines and the attractive Q5 case.

PPQ Q4 TAC

Design and features are equal to Q4 but is equipped with 4.6" (117 mm) threaded barrel 1/2"x28 for silencer.

PPQ Q4 TAC Combo

The Combo version is based on the PPQ M2 Q4 TAC with threaded barrel but is equipped with a SHIELD RMSc red dot sight. The sight sits directly on the slide without an adapter plate, giving it an extremely low profile. The Tungsten Gray frame enhances the overall appearance. The standard steel sight can also serve as a backup.

Other equipment: 3-dot steel sight; one 15-round magazine, two 17-round magazines. Q5 Match pistol case.

PPQ Q4

The Q4 shares the best in class PPQ Quick Defense trigger, which provides a smooth 25 N trigger pull and a short 2.5 mm reset. The optics ready slide comes with LPA fiber optic front sight and a rear LPA competition iron sight. The Q4 shares the same mounting plate system (not included) as the Q5 Match. Comes with one 15-round, and two 17-round magazines.

PPQ M2 4" / 5"

The release button can be changed over to the right side, the slide stop lever is already ambidextrous. Low profile 3-dot steel sights. MIL-STD-1913 Picatinny rail. Tenifer™ coated slide and barrel. Serrated trigger guard. Quick defense trigger. Ambidextrous magazine release button. Ergonomic WALTHER grip. Ambidextrous slide stop. Front and rear slide serrations. Interchangeable backstrap.

PPQ Q5 Match Steel Frame

Build around our award winning Q-platform, the Q5 Match Steel Frame with a solid milled steel frame features an LPA red fiber optic sight, LPA adjustable rear sight and an optics ready slide that comes with an optics ready mounting plate in addition to the LPA competition sights. All Walther blue quick defense trigger, and trigger bar with blue AFC coating. It comes with three 15-round magazines.

PPQ Q5 Match SF Black Ribbon

Same design as the Q5 Match Steel Frame Champion, but completely in black and with aluminium grip panels. Further features: Optimised sear engagement. Dynamic Performance Trigger. Three 18-round magazines.

PPQ Q5 Match SF Expert

The Q5 Match Steel Frame Expert draws its extra edge from its enhanced trigger. Optimally adjusted sear engagement, 20 N pull, adjustable take-up and trigger stop. Aluminium trigger shoe in size M-Flat, another trigger shoe in M-Curved and three 17-round magazines are included.

PPQ Q5 Match SF Black Diamond

Same design as the Q5 Match Steel Frame Champion, but in black and with aluminium grip panels. Further features: Optimised sear engagement. Dynamic Performance Trigger. Two 17-round magazines.

PPQ Q5 Match SF Champion

Same design as the Q5 Match Steel Frame, but with adjustable sear engagement for "crisp" trigger break. Walther low-profile mag well. Three 17-round magazines with aluminium mag extension.

PPQ Q5 Match SF Black Tie

Same design as the Q5 Match Steel Frame Champion, but with satin finish and aluminium grip panels. Further features: Optimised sear engagement. Dynamic Performance Trigger. Two 17-round magazines.

CZ Service Pistols

CZ P-10 C

A "striker fired" service pistol, excelling in reliability, durability and refined shooting, greatly supported by the unique checkering and superb DiFEND grip. Capacity increasable from 15 to 17 shots. 3 interchangeable backstraps. Iron sights.

24035 Cal. 9mm Luger **€ 686,-**

CZ P-10 F

With an impressive magazine capacity of 19 rounds in 9x19 calibre. Weighs just 0.8kg when empty!

Highly durable polymer frame, "striker fired" trigger (SFDA), metal sights with 3 luminescent dots. Safety: Striker block (drop safety), trigger bar safety, trigger safety (drop safety).

24034 Cal. 9mm Luger 19 rounds **€ 686,-**

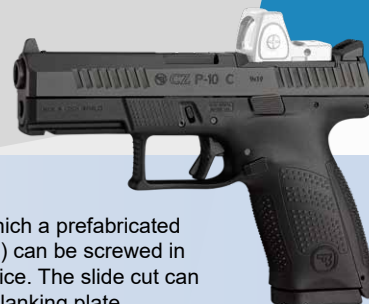

24033 Cal. .45 Auto 13 rounds **€ 686,-**

CZ P-09

A traditional, large-capacity SA/DA service pistol concept with an external hammer and modern frame made of high-strength, fiberglass-reinforced polymer. The advantages of this model include high accuracy and extreme reliability, even in the most adverse weather conditions. Magazine capacity of 19 rounds.

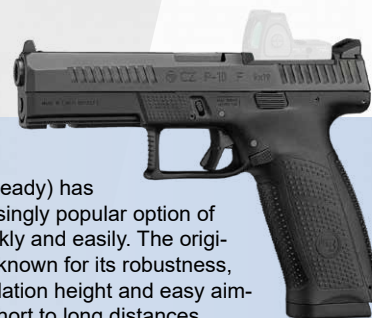

24040 Cal. 9mm Luger **€ 686,-**

CZ P-10 C OR

with a milled slide cut into which a prefabricated mounting plate (see page 77) can be screwed in order to mount a red dot device. The slide cut can be covered with a supplied blanking plate.

24036 Cal. 9mm Luger **€ 755,-**

CZ P-10 F OR

The **CZ P-10 F OR** (Optics-Ready) has been designed for the increasingly popular option of mounting a red dot sight quickly and easily. The original CZ mounting interface is known for its robustness, strength, durability, low installation height and easy aiming with the red dot sight at short to long distances.

24034.500 Cal. 9mm Luger **€ 755,-**

Micro Pistol

CZ P-10 M

Micro pistol - ideal back-up or defensive arm for everyday carry. 3 1/3" barrel (85.3 mm). Highly resistant finish, resistant polymer frame, double-sided slide stop, rotatable magazine catch. Stiff metal sight with three luminescent dots. SFDA trigger, trigger stop. Interchangeable rear straps, mounted slide serrations in front and rear. Capacity: 7 rounds.

24037 Cal. 9mm Luger **€ 620,-**

Compact Pistol

CZ P-07

Polymer compact pistol, designed primarily as a service weapon and for concealed carry. Innovative features. Durable surface finish. Well-proven Omega trigger mechanism.

SR 22

VISIÉR

Test 7/2021

Good shooting performance, flawless function.

Ruger SR 22™

Packed with versatile features, the SR22™ is lightweight (just 17.5 oz) and perfect for plinking, target shooting and even small game hunting. It is easy to field strip, fun to shoot, and will run reliably with a wide variety of ammunition (not just high-velocity ammunition).

Double Action

**Super Redhawk
7,5" .44RemMag**

**Super Redhawk Alaskan
2,5" .44RemMag**

Super Redhawk®

The Ruger "Super Redhawk" revolver was the first double action revolver designed for the powerful .44 Magnum cartridge. Triple loading cylinder provides amore positive alignment, a unique single spring mechanism allows for a smooth, lighter trigger pull. The "Super Redhawk" revolver has an extended frame, machined to accept a scope mount. All "Super Redhawk" revolvers (except "Alaskan" models) are delivered with a Ruger 1" scope mount.

**New Vaquero Bisley
5,5" .357Mag**

New Model Single Six®

Strong, durable, dependable and versatile. New Model Single-Six® revolvers are the perfect small bore single-action revolver for plinking, small game hunting or serious competition.

All .22 caliber models come with two cylinders (one in .22lr and one in .22 Magnum) for increased versatility. Hunter models are equipped with an integral barrel rib for rigid mounting of Ruger scope rings (supplied at no extra charge). **Single-Ten with 10-shot cylinder**

New Vaquero®

Since its introduction the Ruger "New Vaquero" has dominated the cowboy action shooting world. Patented Ruger reverse indexing pawl allows easier loading and unloading while the beveled cylinder simplifies holstering.

"Bisley" revolvers improve on the target-style grip, adjustable rear sight, target hammer and target trigger.

RUGER®

SP101® (small frame) / GP100® (medium frame)

The "SP101" and "GP100" revolvers are small and medium frame guns that boast the strength to handle powerful .357 Mag loads. The "SP101" series with a compact and lightweight small frame are ideal guns for hunting and self-protection. The "GP100" series comes with a medium frame and is used in shooting competitions worldwide. Solid steel frame with no side plates combined with the triple loading system boast all the reliability, durability and dependability you expect of a Ruger revolver.

LCR® / KLCR-357

This is a compact .38 Special revolver built by Ruger and announced in January 2009. The LCR acronym stands for "Lightweight Compact Revolver". It incorporates several novel features such as a polymer grip and trigger housing, monolithic receiver and constant force trigger. At 13,5 ounces (338g), the LCR is nearly 50 % lighter than the stainless steel SP-101. The compact and lightweight LCR is now also available in .357Mag.

Magazine loaders

The UpLULA™ is a military-grade, pocket-size, universal pistol magazine loader and unloader designed to load and unload virtually nearly all 9mm Luger up to .45ACP single and double stack magazines of all manufacturers. It also loads most .380ACP single and double-stack mags, and 1911's mags.

The UpLULA™ loader self-adjusts to the magazine and loads it easily, painlessly, and reliably – without painful thumbs! During loading, the bottom of the magazine is best supported at the hip or on a table.

RÖHM manufactures a versatile product range of gas and blank guns with great care and decades of experience. The reliable and robust models are equipped with safety systems to protect the user. RG weapons have already been characterized several times in leading professional journals as being of high quality and reliable.

For this reason, RG blank guns have become a fixed part of classical New Year's Eve shooting. At sporting events, the weapons demonstrate their qualities as start pistols. Self-defense especially plays an important role in the purchase of a blank gun. RÖHM blank guns are the ideal alternative for many people who feel threatened in a wide variety of life situations, but who don't want to carry a firearm.

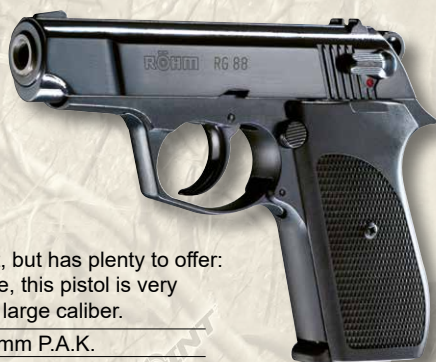

RÖHM RG 3

Reliable classic pistol with a striking design.

Caliber:	6 mm Flobert
Magazine:	6 shot
Trigger:	double action only
Safety:	triple-function safety
Length/Weight:	105 mm / 335 g

28105.000 blued, synthetic grips **€ 99,95**
 spare magazine: 28110
 firework adaptor: 28105.006

RÖHM RG 88

It's small and compact, but has plenty to offer: In spite of its small size, this pistol is very effective thanks to the large caliber.

Caliber:	9 mm P.A.K.
Magazine:	7 shot
Trigger:	double action
Safety:	safety catch
Grips	synthetic
Length/Weight:	160 mm / 580 g

28068.000 blued **€ 179,90**
 spare magazine: 28070
 firework adaptor: 28068.006

WALTHER PPQ M2 / Navy Kit

With the model PPQ M2 Walther now offers a version with magazine release button at the left-hand side. The gas-signal-version of the Walther PPQ M2 convince with the same feel and handling as the original.

PPQ M2 Navy Kit: Gas signal variant of the special version for special units. Grip section with non-slip HI-GRIP™ surface structure. Practical loading aid with conversion insert for double-row magazines. The scope of delivery includes a silencer made of full metal and filled with steel wool. The PPQ M2 Navy Kit also has an extended magazine. Due to the double-row magazine, a high firing frequency of 17 rounds is another advantage of the PPQ M2 Navy Kit.

Capacity: 15 shots (Navy Kit: 17 shots). **Caliber:** 9mmPAK
